Words and music by Thew Elliott

1.

All a - round me voic - es ring;

2.

"Just - ice!" is the song they sing! And with -

3.

in this song, I'll sing, my part; I will

4.

rise and speak what's in my heart! I will

5.

rise! I will rise!

## Accompaniment Figure on piano

The accompaniment and the singing should sound like bells. Pianists can achieve this effect by using the sostenuto pedal and striking the keys lightly, coming off almost immediately and letting the pedal sustain the sound (refresh the pedal whenever the sound begins to get muddy). Singers can achieve a bell effect simply by thinking, "I will make my voice sound like a bell!"

Tempo suggestion:  $\text{♩} = 80$
